People are complaining about kids vaping..

Simple, change the law to 18, make it an adult decision, card everyone..

This isn't rocket science and we don't need more regulations that limit Americans liberties and freedoms.

I personally think vaping is stupid, but that's me.

Matt always remember that when they have no answer to your argument they attack you personally. When ever this happens just claim victory because that is exactly what it is their argument is lost and they are made just like a little child. Deflection. Keep up good work.

While you're here, if you want good crab cakes in Baltimore City, go to G&A on Eastern Avenue in Highlandtown. It's a true Baltimore Diner, that's been there since the 1930s

I just angered liberals by recommending a place to eat crab cakes to The President...

When I was in Baltimore last year meeting with a source, we ate there..

Liberals are now telling me a place that locals took me to (phillips) doesn't have good crab cakes..

The lower courts show how screwed up they are, so separate from the law, as they rule against @realDonaldTrump, the US Supreme Court has to overturn these obviously illegal rulings. Wait until those cases with the exculpatory evidence withheld get to the Supremes!

The climate changes, true enough. However, corrupt democrats are seeking ways to steal money from the people, oppress the people. They use a subject people care about (the planet) so they can emotionally manipulate people into voting for them

Can you imagine the whistle-gossiper at an impeachment trial?

A friend of a friend of a cousin of an acquaintance of a nephew of a brother of a mother of a sister of doctor of an aunt of a sibling of a grandmother of a policeman of a father said that Trump said bad things.

A family of 4/5 that makes $60,000 a year will pay an additional $5,000 per year in healthcare under the Democrats plans...

That money is crucial to the survival of those families..

The Democrats have no plan other than to tax the hell out of the working class!

Think about keeping Texas Red the next time you hear your governor talk about bringing another business from California to Texas. The people are the business. So your Texas state government is actively turning Texas Blue. They come & their children and grandparents too.

Dems want to investigate how I brought to light an alleged long term pattern of Obama Cabinet members-Biden,Clinton,Kerry-engaged in pay-for-play scheme. Their close relatives making millions for selling their offices. Isn't this more important to investigate than how I found it?

Illegal Immigration costs the USA over 300 Billion Dollars a year. There is no reason for this, and things are being set in motion to have this number come WAY DOWN. Democrats could end Loopholes and it would be a whole lot easier, and faster. But it will all happen anyway!

We attempted to bring him to other venues but were reluctant to do so for fear that these venues would not have the same concern for he and his family s safety. As far as John saying that we were trying to dox him that is not true.

This pathetic excuse for a human being is literally trying to race bait to raise a couple of bucks before he drops out of the Presidential race.. He's polling at 1%...

Beto O'Rourke @BetoORourke
Our president is a white supremacist and white supremacists, across our country, believe his words justify violence against people of color. Trump is unfit for office not only because of the crimes he's committed, but because of the crimes committed in his name every day. twitter.com/washingtonpost

The Fake Whistleblower complaint is not holding up. It is mostly about the call to the Ukrainian President which, in the name of transparency, I immediately released to Congress & the public. The Whistleblower knew almost nothing, its 2ND HAND description of the call is a fraud!

These are the most important facts we have:

1. The whistleblower wasn't on the call
2. The IG didn't read the transcript before acting on the whistleblower complaint
3. The WH released the transcript — which clearly shows the president did nothing that would be impeachable

This is big:

-Either Pelosi knew about the call before the White House released the transcript because she and the Democrats are colluding with the Whistleblower

-OR she chose to launch impeachment based on press reports and not facts/evidence

> **Liz Cheney** @Liz_Cheney
> @SpeakerPelosi said on 60 Minutes last night she knew the details of the classified Ukraine call before White House released transcript. This is starting to seem like a political set up. So, Madame Speaker, "what did you

They are pushing for Impeachment because they know they cannot beat President Trump in an election..

This isn't about Trump, this is about power and overthrowing the will and vote of the American people.

Now the press is trying to sell the fact that I wanted a Moat stuffed with alligators and snakes, with an electrified fence and sharp spikes on top, at our Southern Border. I may be tough on Border Security, but not that tough. The press has gone Crazy. Fake News!

All the Do Nothing Democrats are focused on is Impeaching the President for having a very good conversation with the Ukrainian President. I knew that many people were listening, even have a transcript. They have been at this "stuff" from the day I got elected. Bad for Country!

Congressman Adam Schiff should resign for the Crime of after reading a transcript of my conversation with the President of Ukraine (it was perfect), fraudulently fabricating a statement of the President of the United States and reading it to Congress, as though mine! He is sick!

All of this impeachment nonsense, which is going nowhere, is driving the Stock Market, and your 401K's, down. But that is exactly what the Democrats want to do. They are willing to hurt the Country, with only the 2020 Election in mind!

Adam Schiff should only be so lucky to have the brains, honor and strength of Secretary of State Mike Pompeo. For a lowlife like Schiff, who completely fabricated my words and read them to Congress as though they were said by me, to demean a First in Class at West Point, is SAD!

We learn from the press today that Chm Schiff had prior knowledge and involvement in the WB complaint. He withheld this info from the American people and even from the Intel Cmte. In light of this news, it's hard to view impeachment as anything aside from an orchestrated farce.

As President I have an obligation to end CORRUPTION, even if that means requesting the help of a foreign country or countries. It is done all the time. This has NOTHING to do with politics or a political campaign against the Bidens. This does have to do with their corruption!

My daughter asked why I'm on "the red team." I told her the blue team wants to take half of her allowance and give it to kids who don't do chores. Now she's on the red team.

It's really simple, if 10% of our followers went to our website at TheDCPatriot.com & shared an article once a day we would be fully funded and no longer need crowd funding

The US-India partnership has always been rooted in our shared democratic values. I'm concerned about recent events in Kashmir, including a continued communications blackout and other restrictions. The rights of the people of Kashmir must be respected.

So in cases like this I don't want to pay the cost of keeping her. Capital punishment would lower the expenses in two ways.
1. The cost of keeping them alive
2. So many would clean up their lives if they knew the would be put down
Set the standard and live by it.

It's really simple.

If 10% of our followers went to our website daily and shared an article, we would no longer need crowd funding.

Good job, I must say, by Bob Woodward on "Deface the Nation." The CBS no name host(ess), and other guest, Peter Baker of The Failing New York Times, were totally biased, boring and wrong (as usual), but Woodward was cool, calm and interesting. Thank you Bob!

Since we know the conversation and there is no money and no quid pro quo, unlike Biden which was strong arming, any more whistleblowers are just to offer Dem spin. If they don't identify themselves, so we can't find out if they are Dems, like their lawyer, they are irrelevant.

I'm asked dozens of times daily how can I help support you if I can't afford to donate.

It's really simple.

If 10% of our followers visited our website at TheDCPatriot.com daily and shared an article, we would no longer need to be crowd funded.

I'm asked dozens of times daily how can I help support you if I can't afford to donate.

It's really simple.

If 10% of our followers visited our website at TheDCPatriot.com daily and shared an article, we would no longer need to be crowd funded.

He was Anti-Semitic, Anti Trump, and Anti-Conservative. His Manifesto says so.

Why are you lying about this?

I love the liberals on this tweet trying to say "She didn't mean anything by love trumps hate, it's just a figure of speech"

Yes, and if you believe that nonsense then you will obviously believe It was just circumstances when they screw Bernie out of the primaries again

The DOJ never even viewed the servers.

So why is someone a good or great President if they needed to Spy on someone else's Campaign in order to win (that didn't work out so well), and if they were unable to fill 142 important Federal Judgeships (a record by far), handing them all to me to chose. Will have 182 soon!

I'm asked dozens of times daily, how can we support you if we can't afford to donate.

It's really simple.

If 10% of our followers visited our website and shared an article daily we would no longer need crowd funding.

This is what the left fears!

Then Michael Cohen in February of 2019
Now it's the whistleblower in August of 2019

Fox News is now the enemy of the American People.

They're claiming a poll shows that 51% want the President Impeached...

I don't know ANYONE who's ever been involved in one of these polls, do you?

Fox News is trolling for so-called Liberal viewers. With #NeverTrumper Paul Ryan now on their board, I'm not surprised that Fox News is veering toward the left.

I'm asked dozens of times daily how can we support you if we can't afford to donate it.

It's really easy and simple.

If 10% of our followers went to our website daily, we would no longer need crowd funding. If they share an article, even better!

The deal I just made with China is, by far, the greatest and biggest deal ever made for our Great Patriot Farmers in the history of our Country. In fact, there is a question as to whether or not this much product can be produced? Our farmers will figure it out. Thank you China.

Yet you were the same Idiot Stick who was throwing a temper tantrum when Trump struck Syrian targets with cruise missiles two years ago..

You're a fraud..

I just saw a horrifying video of a mom in Syria crying over her dead child's body. I'm not posting it here. It's too nauseating.

In the video this grieving mother says, "I carried the dead body of my daughter

Very smart not to be involved in the intense fighting along the Turkish Border, for a change. Those that mistakenly got us into the Middle East Wars are still pushing to fight. They have no idea what a bad decision they have made. Why are they not asking for a Declaration of War?

I'm asked dozens of times daily how can I help you if I can't afford to donate.

It's really simple..

If 10% of our followers visited our website daily, we would be fully funded and no longer need crowd funding. If you share an article a day, even better

AMAZING: Trump Gives Little League Champs

Kimberly
19 seconds ago

So nice President Trump gave these kids a ride on AirForce One on our TAX DOLLARS while INNOCENT KURDISH CHILDREN are being murdered at the hands of this man. Put yourself in those Kurdish parents shoes and then tell me again what a great guy Trump is. Let's also not forget our Young Men and Women who serve in the armed forces whom we left behind to fend for themselves. Maybe plan a little better? Mr. Art of The Deal?? Was he teaching those boys good morals on that flight home? Or was he teaching them how to lie, cheat and be dishonest to get what they want in life??? This president is not presidential!!! Has no regard for human life except his own!!!!!

Correct. Moreover, it is insane not pull our 1000 troops away from the battle. Who in their right mind assumes 1000 of our troops can defeat the Turkish Army and Airforce, they would be instant targets and casualties. Our troops are an American treasure. Thank you Trump

Anyone else getting tired of dead beat parents in public that refuse to make their children mind?

Then they wonder why society has decayed to a level of stupid..

It's because you're not disciplining you're children.

Adam Schiff now doesn't seem to want the Whistleblower to testify. NO! Must testify to explain why he got my Ukraine conversation sooo wrong, not even close. Did Schiff tell him to do that? We must determine the Whistleblower's identity to determine WHY this was done to the USA.

....Democrat's game was foiled when we caught Schiff fraudulently making up my Ukraine conversation, when I released the exact conversation Transcript, and when Ukrainian President and the Foreign Minister said there was NO PRESSURE, very normal talk. A total Impeachment Scam!

It was footage from a Kentucky gun range! That it "appeared to be from the Syrian border" tells us a lot about the crack team at ABC!

> **World News Tonight** @ABCWorldNews

> CORRECTION: We've taken down video that aired on "World News Tonight" Sunday and "Good Morning America" this morning that appeared to be from the Syrian border immediately after questions were raised about its accuracy. ABC News regrets the error.

Adam Schiff now doesn't seem to want the Whistleblower to testify. NO! Must testify to explain why he got my Ukraine conversation sooo wrong, not even close. Did Schiff tell him to do that? We must determine the Whistleblower's identity to determine WHY this was done to the USA.

the protection of civilians, particularly vulnerable ethnic and religious minorities in northeast Syria. Indiscriminate targeting of civilians, destruction of civilian infrastructure, and targeting of ethnic or religious minorities is unacceptable. Additionally, the return of refugees must be conducted in a safe, voluntary, and dignified manner.

Turkey's military offensive is endangering civilians and threatening peace, security, and stability in the region. I have been perfectly clear with President Erdogan: Turkey's action is precipitating a humanitarian crisis and setting conditions for possible war crimes. Turkey must ensure the safety of civilians, including religious and ethnic minorities, and is now, or may be in the future, responsible for the ongoing detention of ISIS terrorists in the region. Unfortunately, Turkey does not appear to be mitigating the humanitarian effects of its invasion.

As I have said, I am withdrawing the remaining United States service members from northeast Syria. As United States forces have defeated the ISIS physical caliphate, United States troops coming out of Syria will now redeploy and remain in the region to monitor the situation and prevent a repeat of 2014, when the neglected threat of ISIS raged across Syria and Iraq. A small footprint of United States forces will remain at At Tanf Garrison in southern Syria to continue to

It's really simple.

If 10% of our followers went to our website at TheDCPatriot.com daily we would no longer need crowd funding.

Sharing articles helps too 😉

So three socialist radicals who are Antisemitic just endorsed Bernie Sanders who claims to be Jewish..

The Democratic Party is more confused and discombobulated than Taylor Swift in a Ballot Box...

I'm asked dozens of times daily how can we help if we can't donate to support your work.

It's simple

If 10% of our followers visited our website at TheDCPatriot.com daily we would no longer need crowd funding.

Please visit and share something daily my friends

As an amateur bodybuilder I can't even understand how this ever happened? Gender physiology is a fact even if the mental mind doesn't agree. Testosterone and human growth hormones don't operate on thoughts.

Net worth before running for President:

Trump family: $4.5 billion
Obama: $3 million
Clinton: $480,000

Today:

Trump family: $3 billion ⬇️
Obama: $40 million ⬆️
Clinton: $100 million ⬆️

But Trump is the guy trying to steal your money?

God you're more educated than this.. There was no hack and all evidence shows that..

It was a LEAK.. Not a Hack... That's why Crowdstrike was brought in..

Pain is on the way. Trump knows what happened. He's just waiting for the people in denial to start accepting some of the corruption so they'll be able to accept the massive degree of what they did involving Seth. I'm guessing it's nightmare level stuff

There was never a hack, it was an inside job & it's a leak.. it's all going to come out in our lawsuits

Anyone claiming the Russians hacked the servers is either uninformed, or extremely confused

You can't "hack" at those speeds

CrowdStrike was brought in because of Seth Rich!

Bernie Sanders flies on private jets—but doesn't want you to

Taxing the rich is an unimaginative suggestion. I'm sure @AOC is familiar with marginal tax rates so she knows the rich pay greater rates of taxes. What she's really saying: She wants is to tax wealth. It's an attitude of ALL YOUR WEALTH BELONG TO US

Well if our Nations Congress is so ballsy Brit. Why don't they just Declare War? It's put up or shut up time for these frauds!

Brit Hume @brithume
Make no mistake about it: the president is in more political trouble from this Syria debacle than he is over the partisan impeachment investigation. Note the vote in the House today against him on Syria: 354-60. Rs voted for it overwhelmingly

MEMORANDUM FOR RECORD

SUBJECT: Illegal use of FISA Warrants to unmask and surveil American citizens for Political Purposes

Investigation 1 of 22 at DOJ Re: FISA

Investigation 001: Breach of the Democratic National Committee Breach/Dossier

Through the course of our investigations we have determined that the Democratic National Committee was Breached by an individual named Seth Rich. At the time of the breach, Mr Rich was employed by the Democratic National Committee at the time of the breach. During said period of employment, Mr. Rich broke into the IT Server Room, and transferred the files from the server to an external hard drive. This investigation concludes that the transfer rate of files was consistent with a local breach, and does not align with assertions that the breach occurred through a transfer over the internet.

Once the information had been downloaded off of the server, it was emailed to Wikileaks secure file drop site. As noted on previous President Daily Briefings, President Obama was aware of ongoing operations that had continuous monitoring of the Wikileaks secure drop site. Individuals aware of this file transfer from Mr. Rich to Wikileaks included Director of National Intelligence James R. Clapper, and Central Intelligence Agency Dir... Up... [redacted]

True but let's be specific. The money laundering operation is a CIA front. So the money laundering is being done by the intelligence community. Deep State is accurate but a vague reference to some shadowy unclear entity. CIA everybody gets it.

Yours wasn't an opinion, you made a claim that's simply not true. I asked for prayers for the President because I have a bad feeling. I hope to God I'm wrong, and again that's my right. No conspiracies are being peddled, just asking for prayers for his safety.

It's really simple.

If 10% of our followers went to our website at TheDCPatriot.com daily we would no longer need crowd funding.

That's where people that are uneducated on the subject are wrong. The Government averaged $10,500 per student, per year, more than enough for most private schools.. it's more around $18,000 in New York City and $6,500 in rural Utah, but you get the picture.

It was their choice alright, of course no one would answer any questions as to why the choice was made. Leaving there was definitely the right decision. My point was simply to illustrate that common core does exist, maybe on a somewhat limited basis, in private schools

I have a right to an opinion, I'm not making a statement or talking about a conspiracy. It's always easy for those who haven't helped one bit in our Investigations to Fire shots.

Yours wasn't an opinion, you made a claim that's simply not true. I asked for prayers for the President because I have a bad feeling. I hope to God I'm wrong, and again that's my right. No conspiracies are being peddled, just asking for prayers for his safety

Time for another cup of coffee and maybe a victory lap to laugh at the deep state propaganda machine that failed miserably.

Elton is just trying to win back some of his fanbase that clearly deserted him after, I'm pretty sure, he told trump to stop playing his songs at the rallies.

Elton is a gay man who adopted two young boys and he hangs out with the royal family ... just like Epstein and savile did

The sad thing is no matter who wins. Unless it's of landslide historical margin, the other side is going to be screaming about the election. That's what we should all be focusing on is how to make sure the results are 100% accurate and consistent with the actual votes.

John

We just learned that Tulsi Gabbard won her election in Hawaii This was a huge, come-from-behind, grassroots upset. And we know she has what it takes to beat her Republican challenger in November

Because of supporters like you we're one step closer to sending yet another strong progressive woman with an independent voice to Congress

Tulsi embodies the best of Off the Sidelines Thank you so much for helping her

Sincerely,

Kirsten

So some day, if a Democrat becomes President and the Republicans win the House, even by a tiny margin, they can impeach the President, without due process or fairness or any legal rights. All Republicans must remember what they are witnessing here - a lynching. But we will WIN!

Tulsi is a plant to confuse those that are fed up with the progressive left and those independents that don't like Trump but hate what the Dems stand for. She is full blown socialist.

The Democrats don't give a damn about the middle class, all they do is tax the middle class. The middle class doesn't vote for Dems.. This is his campaigns dumbest tweet yet..

Joe Biden @JoeBiden
Donald Trump has no idea what it means to be a part of the middle class. I do.

They're fishing for something damaging.

The only reason it's closed-door instead of open is so the public doesn't get the absolute proof that THEY CURRENTLY HAVE NOTHING, because that would harm their ability to continue fishing

Closed-door lets them pretend to have something

That should help your following and viewership..:

This is a StrawMan argument by a Liberal Judge that believes Grand Jury testimony only involves the guilty (until proven innocent). GJ testimony is secret to protect the innocent from out of context Use!

How are they able to pull that off? Aren't Grand Jury testimony supposed to never be released to protect witnesses and unverifiable testimony not be used to smear political opponents or private individuals? That's BS.

He has a great opportunity to win it today, he will run for 150 yards and win the game or throw 2 interceptions in the final 20 minutes.

I'm asked dozens of times each day how can I support you if I can't afford to donate..

It's really simple..

If 10% of our followers went to our website once per day, we would no longer need crowd funding and would be fully funded.

Just wanted to give a big shout out to our own Josh Flippo .@JFlippo1327 of our Investigations Team.. He received a call last night from his military sources, we were on this before anyone. I was skeptical, but Josh said "Matt, I'm telling you, trust me, we got him." #Bagdadi

Instead of Democrats congratulating our GREAT Military they are upset they weren't informed of the raid..

Why would our President and Military tell you anything, YOU LEAK EVERYTHING...

We don't need anymore American blood on the hands of the Democrats. No Thanks.

That's exactly how the game is played. Exhaust the opposition financially so that they can no longer fight in court. It's not fair but it can be effective. Patriots should help keep Matt & Co in the game. Both the Seth Rick case and Las Vegas need to be brought to light.

Democrats still haven't figured out, we're not letting you take over our country and take away our rights. Impeaching Donald Trump will be your demise, in more ways than one..

We The People will not allow it to happen, and you should look into what Thomas Jefferson stated.

Because they do not control the House, Conservatives had better suck it up and start fighting as hard as President Trump fights for them in 2020 if they want to save this Republic.

I'm the head of a group of Licensed Private Investigators, Feds, LEO's, Retired LEO's/Feds, Military working together to solve crimes no one else in America wants to talk about.

Those that do not like the truth, label such crimes as "conspiracies" in an order to silence it.

This is more about hurting the President's reputation in hopes of keeping him from winning in 2020. They know that they can't impeach.. They also know if they somehow do, they'll have a civil war on their hands. It's not happening.

I would love to be wrong on this, but I'm a guy in Arkansas investigating an unsolved murder of a DNC employee and I'm getting sued by former OBAMA White House Attorneys. It speaks for itself..

Do you think Obama or Hillary will ever be held accountable for their part in the wrongdoings of the previous administration? There's no way I believe McCabe, Comey, Strzok, Page, Brennan, or the rest, did all this on their own without his knowledge or guidance.

It's really simple.

If 10% of our followers visited our website daily at TheDCPatriot.com we would no longer need crowd funding. :)

When they voted on the inquiry for President Nixon in 1973, there were over 400 that voted for it.. Today... 232...

This is not the overwhelming majority the Democrats are again lying to the American people, and the media is helping them..

The actual footage from someone attending? Or the edited footage from fake news? I've heard both and they don't sound the same.

I'm encouraging every one of my followers to join me and register 3 NEW VOTERS per month..

The only thing that will stop the Victory of Conservatives taking the House, Senate, and WH in 2020 is not registering new voters..

I want to remind everyone that this is still not a real Impeachment hearing..

They are again lying to the American people..

The problem is too many Americans are stuck living in their Kardashian lifestyles and just read on the surface and not between the lines.

The Total Vote for the Resolution

Yea = 232

Nay = 196

6 No Votes

Not one Republican voted for the resolution.

This is not "Overwhelming" as the Democrats claim. Two Democrats also voted against it, and several Dems no voted.

This is not surprising. Democrats have nailed themselves to the cross of impeachment, so they're now committed.

The Democrats won't even allow the Republicans to have any amendments to the agreement.. That vote is happening now..

To make a long story short, this is nothing more than a partisan witch hunt to try to take out a duly elected President.
